INVITATION AND OPPORTUNITIES

We cordially invite you to the 12th LS-DYNA Forum 2013 on 25 September 2013 in Filderstadt (Stuttgart), Germany.

The conference is an ideal forum for LS-DYNA and LS-OPT users to present, share and discuss their experiences as well as to obtain information on upcoming features and to learn more about new application areas. High-profile speakers from industry, research and academia will contribute with presentations on various applications of LS-DYNA, LS-OPT and their associated programs. The main topics will be crash, occupant safety, and metal forming.

We are looking forward to welcoming you as exhibitor and/or sponsor at the LS-DYNA Forum 2013.

About DYNAmore

DYNAmore GmbH
 Gesellschaft für FEM Ingenieurdienstleistungen

DYNAmore is dedicated to support engineers to solve non-linear mechanical problems numerically. Our tools to model and solve these problems are the finite-element software LS-DYNA as solver and LS-OPT for optimization.

We sell, teach, support, and co-develop the software LS-DYNA and LS-OPT. In addition we provide engineering services for numerical analysis and integrate simulation software in your CAE environment. The majority of our customers are from the automotive and aerospace industry.
